PART V

REFLECTION

Think, Pair, Share

- Ask students to think about an activity or something they really love doing.
- Pair students and have them interview one another about this activity or hobby.
- After students have had an opportunity to interview one another, ask them to share what they learned about one another with the full class. Students can highlight what they learned about their partner's hobbies or interests.

FINAL REFLECTION

Invite the class to reflect upon the films we've seen.

- What lessons did you learn from the characters and stories?
- What messages from **THE MAGIC OF CHESS**, or the other films, will you take with you?
